Events

Futuro Classico Overview

- Document the as-delivered condition
- Establish a database for future use
- All components, options, and accessories from factory
- 100% pass / fail
- Certificate of authenticity for those cars found eligible
- Download Futuro Classico Evaluation Guidelines
- Review presentation on Concours, Coppa Bella Macchina, Coppa GT, and Futuro Classico

We are very pleased to announce that the database is online! [Click here to go to the search page](#) (**Exclusive Member Benefit**).

You can search by **Model**, **Year** or **FCA Event** and browse through all photos and information gathered in the Futuro Classico judging process. This is an important tool for you as an owner and the judging process for the future as the new models become qualified for judging. With the Carrozzeria Scaglietti process allowing owners to customize their cars with a bewildering amount of options, we are attempting to document these options.

Each car's details are identified for archival sake. We encourage you to enter your new car in this important event and earn a certification.
